MIAMI — A-listers, art insiders and influencers came together for an intimate dinner at the Art News x Surf Lodge pop-up at W South Beach on Thursday night.

[Swizz Beatz](#), [Rosario Dawson](#), and [Olivia Culpo](#), among others, gathered poolside where the VIP group chatted each other up over cocktails and cuisine.

The dinner then turned into an after-party where attendees danced to music spun by DJ Cassidy and Young Paris.

At one point, Young Paris lead the crowd in singing “Happy Birthday” to art advisor-to-the stars Lisa Schiff, who turned 50 earlier in the week.
